

4-6 JULY 2025

REGISTERED NDIS PROVIDER

FISHING

ELEV8

On Saturday morning we baked a chocolate birthday cake for one of our friends celebrating a birthday this week.

After lunch we ventured to Tinchi Tamba Wetlands at Bald Hills to try out our new hand fishing reels. We used bacon as our bait and even though we didn't smash any catch records, we did have fun and loved playing in the sand too!

We had a lovely slow Sunday morning which started with pancakes with "whippity" cream, a visit to the chickens and herb garden, and picking Linda's very first raspberries from her new plant. Afterwards we headed out to "Elev8" (formally known as Flip Out) at Caboolture where we did not stop for 2 hours straight! Some of us were determined to climb the rockwalls faster than humanly possibly, while others loved the ninja course and the trampolines were a favourite all round.

We've been listening... and are excited to announce that we are bringing back our Adventure Blueprint!

Is there somewhere you'd love to go, or something you'd love us to plan? Please send us a text or email so we can make sure it's included!
