

Feature Adventure Weekends

January to February 2026

Planning Ahead – Adventure Calendar – Overview

Our Adventure Calendar highlights the feature adventure planned for each respite weekend.

Each Respite with Linda weekend includes one planned feature adventure, shared here to support family planning. A second adventure or activity is selected closer to the weekend, taking into account the interests, energy levels and support needs of the children attending.

This approach allows us to provide both certainty and flexibility, creating safe, engaging and well-matched weekend experiences for each group.
